MOTORLAND: A UNIQUE MODEL

MotorLand Aragón is a multipurpose complex consisting of three areas which integrate sport, technology, leisure and culture. This diversity of spaces and content gives the area its own identity, based on a model that turns it into something unique, the essence of which is the passion for motor racing.

FROM GUADALOPE URBAN CIRCUIT TO MOTORLAND ARAGÓN

History, culture, tradition and passion for motor racing. These ingredients come together in Alcañiz and make the city of Bajo Aragón an essential destination for lovers of the smell of gasoline and speed. Since the celebration of the First Gran Premio Ciudad de Alcañiz (1965), held in the well-remembered Guadalope urban circuit, the streets were the scene of vibrant races that consolidated the city as a pioneer in the organization of sports events. Today, the link between Aragón and motorsport gather together in MotorLand.

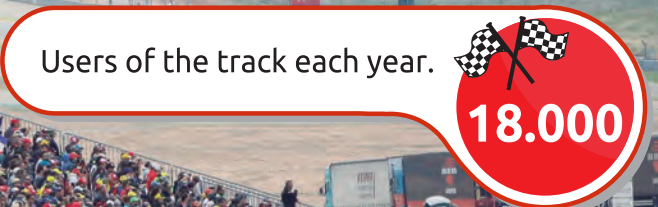

STRATEGIC LOCATION

Located in Aragón (Spain), the complex is placed in a strategic location close to Madrid, Barcelona, Zaragoza and Valencia, in the centre of an area with 25 million inhabitants.

SPORTS AREA: ROAD RACING CIRCUIT

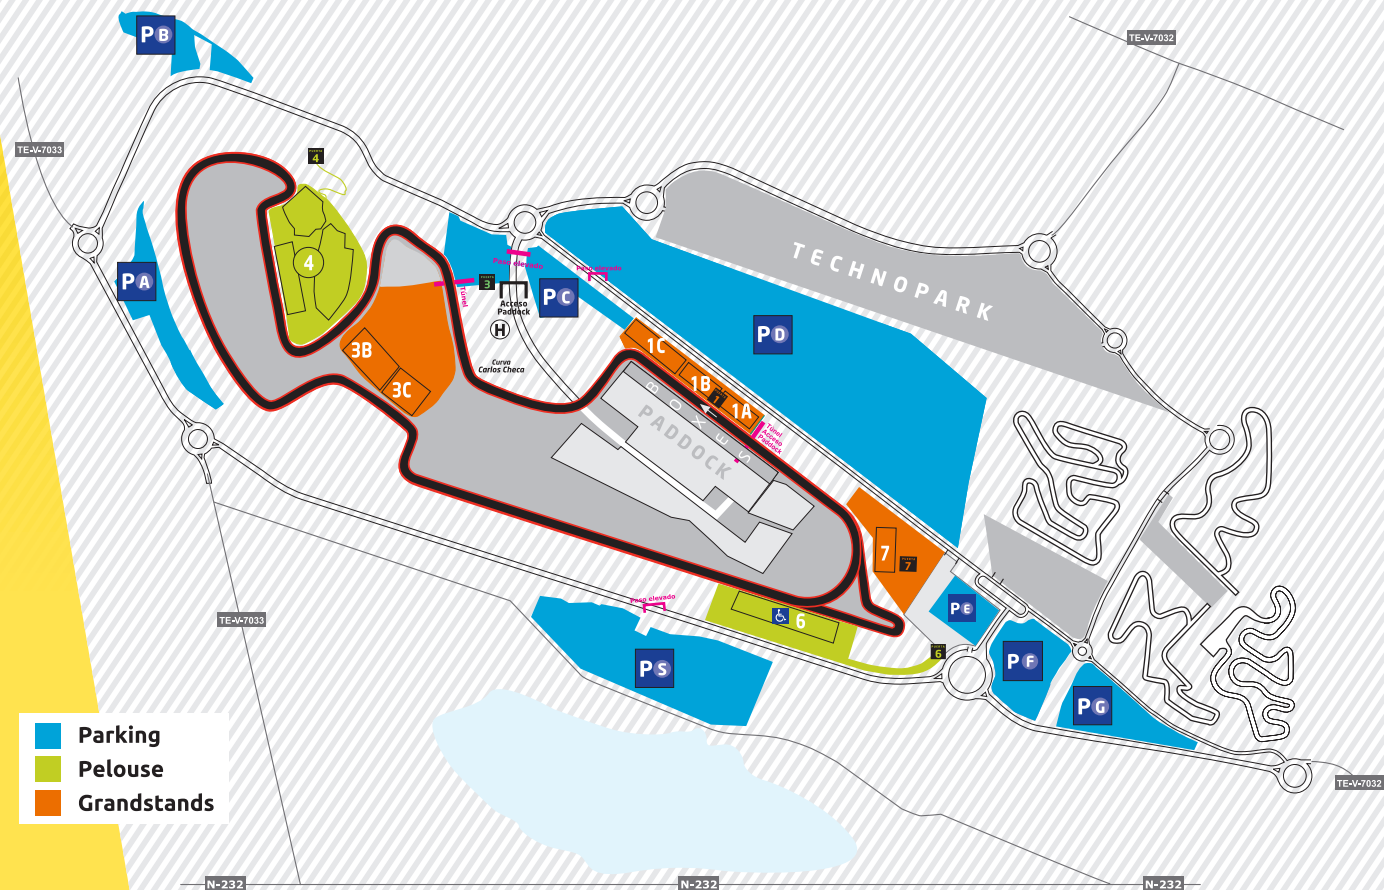

The road racing circuit of MotorLand Aragón hosts every year prestigious international and national events in its sports calendar. MotoGP World Championship, the FIM Superbike World Championship, the FIM CEV or the World Series are some of the most important championships that have gone through Aragón circuit. The organizational capacity of MotorLand is internationally acknowledged, turning the complex into a benchmark in the world of motor racing.

"A paradise for motorsport lovers"

SPORTS AREA: ROAD RACING CIRCUIT

Inaugurated in 2009, the jewel in the crown of the sports area is the road racing circuit, designed by Hermann Tilke, along with Pedro Martínez de la Rosa.

The track is 5344 km long and is between 12-15 m wide. It has a versatile layout with different configurations for any type of vehicle. It can be subdivided into two separated circuits, each almost 3 km long. It has a 1211 m straight which makes the track an international referent for aerodynamic tests. Another feature of the track is the 50 m drop between the highest and lowest points.

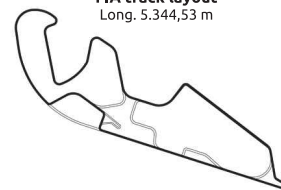

- Parking
- Pelouse
- Grandstands

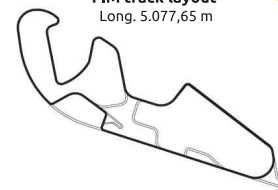

Multipurpose

The layout of the circuit is very versatile, enabling it to set up for any type of vehicle.

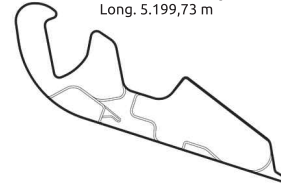

FIA track layout
Long. 5.344,53 m

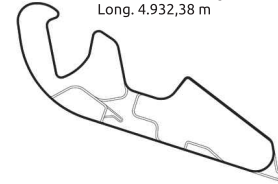

FIM track layout
Long. 5.077,65 m

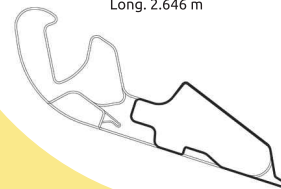

FIA Aerotest track layout
Long. 5.199,73 m

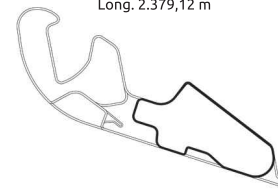

FIM Aerotest track layout
Long. 4.932,38 m

FIA national track layout
Long. 2.646 m

FIM national track layout
Long. 2.379,12 m

Homologations

FIA Circuit License Grade 1 permanent circuits.

FIM Circuit racing license: A, B, C.

* Average data from 2010 to 2016 seasons

TECHNICAL DATA

Total length	5.344 m
Longest straight	1.211 m
Width of track	12/15 m
Length of start-finish-straight	630 m
Maximum incline	5,4%
Maximum decline	7,2%
Drop	50 m
Paddock surface	33.700 sqm
Corners to the left	10
Corners to the right	8
Pit garages	24 of 140 sqm and 12 of 96 sqm

SPORTS AREA: OFF ROAD CIRCUITS

In MotorLand Aragón off road circuits several disciplines can be practised. In addition to the already established Autocross, Motocross and Supermotard circuits, the circuit also has an Extreme Enduro zone.

SUPERMOTARD 1A

Total length 1.210 m
 Sky Zone: asphalted rolling waves and table
 30% off road section and 70% paved section

KART RENTAL CIRCUIT 1B

Total length 763 m
 10 corners (6 to the right and 4 to the left)
 Width between 10 and 13 m

MOTOCROSS 2

Total length 1.646 m
 Width of track 10 - 13 m
 Surface 100% off road section

ENDURO 3

Extreme Enduro zone
 Different configurations of layout

AUTOCROSS 4

Total length 1.069 m
 Width of track 10 m
 Different configurations of track

SPORTS AREA: INTERNATIONAL KARTING CIRCUIT

The International Karting Circuit of MotorLand Aragón, designed by GPO and with a total length of 2 km, has hosted important national and international competitions. Its layout can be subdivided, offering up to four variants to drivers.

TECHNICAL DATA

Total length	2.049 m
Authorized track length CIK-FIA	1.671'633 m
Width of track	10 m
Run offs	asphalt and gravel
Length of start-finish-straight	173'361 m
Number and corners	9 to the left y 10 to the right
Maximum incline	3.25%
Maximum decline	4.5%
Paddock surface	22.000 sqm

EVENTS – PRESENTATIONS

The modernity and avant-grade style of MotorLand Aragón facilities turns the complex into a very attractive space for the organization of events and product launches.

CORPORATE EVENTS

MotorLand has rooms and spaces equipped with modern audiovisual and sound equipment. It also offers a complete organization of event service which includes catering, photography, hostess and support staff.

Activities for companies and groups

With our activities programme for companies, our facilities turn into the perfect venue to organize the following activities: **incentive days, seminars, courses, product launches, meetings...**

Karting

KARTING ENDURANCE RACE

Starting with a brief theoretical lesson. Continuing with a qualifying practice. The group strategy will be crucial in the way to victory. The one hour endurance race will start.

KARTING EXPERIENCE

Opportunity to test a race kart on the international karting circuit.

KARTING TRACK DAYS

For big groups, where passing, skids and the cleverness of drivers are the keys to reaching the podium.

Autocross

Skids, spins and lot of emotion are what the autocross circuit offers. In the hands of a professional pilot, you'll live a truly exciting experience.

Speed

Increased heart rate, accelerated breathing, dilated pupils... we guarantee all these effects when getting on board of one of the following activities. Race car or motorcycles co-driving, three-seater Formula 1 co-driving, high-class cars driving, single-seater Formula Renault driving or Ferrari, Lamborghini or Porsche driving.

Other activities

GPS-orientation practices, safe driving courses, bicycle tours, team building, road education courses, motocross, supermotard,...

VIP LOUNGE COMPANIES

Motorsport is one of the most important and followed sports in the world. The media coverage and public recognition of this sport have grown exponentially in recent years. Fans coming to the circuits for the most important events are numbered in millions and the atmosphere is unique.

MotorLand Aragón offers the opportunity to have a privileged space to enjoy the spectacle of motor racing in a unique setting. Customers can have a unique experience together with their guests from a strategic point, enjoying all events held in the road racing circuit for the whole year. In this way, all of them will be able to enjoy an inimitable experience from the **VIP Lounge** and exclusive views from the private terrace located in the epicentre of the action.

VIP LOUNGE INDIVIDUALS

The VIP Lounge MotorLand has been designed for small groups or individual people to enjoy some of the most important sports events in the world from a privileged position.

This area is distributed in tables of 10 guests.

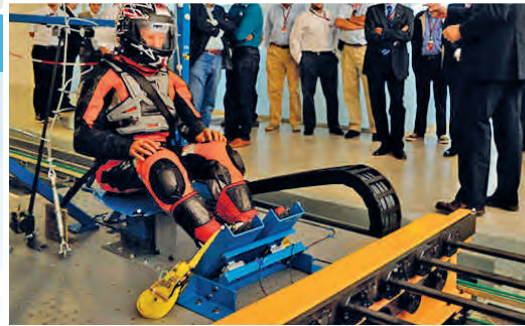

- > Customised passes for the event.
- > One VIP Parking pass for every four guests.
- > Terrace located above the teams' pit garages.
- > TV screens to follow the race and the live timing.
- > Catering: breakfast, lunch and snacks. Open bar service from the opening until the closing time.
- > From the service road you will be able to watch the activity on the track of the different classes (subject to previous registration during the event).
- > Information desk at the VIP access.

TECHNOLOGY AREA: TECHNOPARK MOTORLAND

TechnoPark is a technological park dedicated to promote and strengthen R&D+i projects. Its facilities provide the most advanced technical conditions in a unique setting. These ingredients make Technopark a place in which the development of ideas and their conversion into projects in the future is encouraged.

Projects of international importance are developed in TechnoPark, such as MotoStudent competition at university level, maintenance and fine tuning of engines of Moto2 category from MotoGP championship, manufacture of components for big brands of the automobile industry in composite materials (carbon fibre, glass or kevlar) and the first laboratory research on road safety with the BioAdvance project, too. A technology park that covers all models, from the idea of entrepreneurship to the most innovative solution with aerospace applications, generating in this way growth and employment, the perfect combination of technology + company + training + sport.

TECHNICAL DATA

Total surface	212.345 sqm
Industrial innovation area	114.736 sqm
Parking area and green zones	66.016 sqm
6 buildings, co-working spaces, business incubators, offices, mini-warehouse premises, industrial innovation floor space at the service of R+D+i

GUIDED TOURS IN MOTORLAND

MotorLand opens the doors of the sports facility to schools, associations and groups. It is, with no doubt, a different and closer way to get to know the sports complex in Alcañiz.

Guided by MotorLand staff, visitors have the chance to walk around the most exclusive areas of the road racing circuit. The tour includes stops in areas which are usually restricted for the general public, such as the podium, the media centre, race control, the pit garages, etc.

"Get to know every corner of MotorLand"

LOCATION AND SURROUNDINGS

MotorLand is integrated into the urban area of the city of Alcañiz, main city of Historic Bajo Aragón. The region offers many attractions to visitors, who can enjoy traditions, heritage, gastronomy and environment of a unique area.

HOLLY WEEK OF BAJO ARAGÓN

One of the hallmarks of Aragón is its Easter. The drum and bass drum guide a tradition that makes its land and people vibrate.

GASTRONOMY

Love for good food is another attraction of Aragon and the province of Teruel, is a cradle of ancient flavours and important products such as oil, peach and ham, among others.

HERITAGE

Bajo Aragon has an extraordinary natural and cultural wealth. Prehistoric remains; traces of Iberian and Roman civilizations; Muslims relics; hidden passageways carved in rock; monuments; palaces; churches, or exceptional medieval legacies, like the Castle of Calatrava, symbol of Alcañiz, make up the cultural mosaic that visitors will find.

The region is also the birthplace of artists such as the legendary and universal filmmaker Luis Buñuel, master of surrealism and born in Calanda.

MOTORCYCLE ROUTES

Fans of two wheels can discover the treasures of the area travelling around the different routes Bajo Aragón offers.
